texture or opacity  
to virtually any  
glass surface

UNIQUE,  
PRACTICAL  
AND  
STYLISH

## BRING OUT YOUR CREATIVE SIDE

LLumar® Decorative Window Film products will deliver an affordable and unique solution with stunning results. Bold graphic colours and distinctive designs bring retail spaces and commercial properties to life. Durable decorative films can provide a custom look without the expense of glass replacement and can easily be updated when your tastes change.

This flexibility is ideal for rental spaces where tenants' requirements fluctuate. Designed primarily for interior applications, LLumar® Decorative Window Film can mask light, add privacy or give a spark of colour to any space. For a flexible design element with high impact, use coloured decorative films to enhance ambiance or create definition within a larger space.

## PRIVACY

Glass-enclosed spaces create an open atmosphere, but frequently also invite undesired attention from prying eyes. Decorative and mirror films help minimise this effect and protect your privacy. One-way mirror films (in which people can see outward, but not inward) are also available.

## BENEFITS INCLUDE:

- ▶ Partial or full privacy protection.
- ▶ Films maintain privacy while still enabling a clear view of the outside.
- ▶ Up to 99% UV Protection.

## FORM AND FUNCTION

Function has never looked so good. Our decorative window films minimise visual intrusion, enhance design and reduce glare. LLumar® decorative films offer a variety of cosmetic solutions to suit any project.

Creatively crafted decorative window film ensures privacy without sacrificing natural light, while colours and patterns shield private spaces and make a bold design statement. LLumar® Decorative Window Film options let you strike the perfect balance between function and style, which makes it ideal for almost any application.
